PBW-21F

Shoes Cleaning Machine

Product Features

Sole Wash

- **Automatic:** Chemical dosage.
- **Sensor technology:** Sensor-controlled brush roll rotation,save water, chemicals and energy costs.
- **Hygienic design:SS304**
- **High-press nozzle rinse to remove heavy dirt.**
- **High efficiency:** 5 seconds/person.
- **Single channel design:** Controls of personnel cleaning in one direction.
- **Self-cleaning function:** One key to start machine self-cleaning, easy daily maintenance.
- **Durable brush:** Quick joint and disassemble design,cleaning and maintenance without tools.

TECHNICAL DATA

Name	Shoes Cleaning Machine		
Model	PBW-21F	Clean type	Personnel Hygiene
Voltage	220V/50Hz	Safety protect	Overload、Short circuit、Leakage protection
Power	500W	Waterproof	IP54
Water Inlet	1/2"(DN15)	Operation mode	Economic & self-cleaning
Water Outlet	1" (DN25)	Control mode	Auto
Weight	124KG	Environment TEM.	>2℃
Dimension	L1750x W870x H1240mm
