PHB-21T

Personnel Disinfection Guard

Product Features

i-clean system

Disinfection

Boots Disinfection

Guard

- **i-clean system:**
  Adjust personnel hygiene time;
  Adjust chemical dosage;
  Auto chemical concentration.
- **Split structure design:**
  Suitable for workshops with different entrance sizes
- **Anti -splash design:**
  Prevent spray outside splash.
- **Sanitizer empty alarm**
- **Sensor technology:**
  Fully automated personal hygiene process
- **Integration:**
  Hand disinfection functions, shoes&boots disinfection.
- **Hygienic-Design:**
  SS304 automatic welding

TECHNICAL DATA

Name	Personnel Disinfection Guard		
Model	PHB-21T	Clean type	Personnel Hygiene
Voltage	220V/50Hz	Safety protect	Overload、Short circuit、Leakage protection
Power	400W	Waterproof	IP54
Water Inlet	1/2"(DN15)	Operation mode	Economic & Force
Water Outlet	1"(DN25)	Control mode	Auto
Weight	135KG	Environment TEM.	>2℃
Dimension	L1500x W1020x H1390mm	Sanitizer volume	5L
